## Gjøco Avløpsåpner

Gjøco Avløpsåpner quickly dissolves grease, sludge, hair and soap residue in all types of pipes. Its high specific gravity means that it penetrates quickly through clogged drains. Gentle on all types of drain pipes. NB! Do not use directly in toilets, washing machines and dishwashers. May damage composite materials.

### Technical data

Type:	Alkaline drain opener
Specific gravity:	Approx. 1.5 kg/l
pH value, diluted solution:	Approx. 11.5

### Directions for use

For partially blocked drains, use 2.5 dl of drain opener. Leave it to work for 15 min. and rinse with hot water.

If the drain is blocked, pour in 5 dl. Leave it to work overnight, then rinse with boiling water. Drains that are regularly blocked should be added 1 dl. once per month.

NB! Do not use directly in toilets, washing machines and dishwashers.

### Storage

Screw the top back on when storing to prevent spillage and drying out. The product must be transported and stored upright, dry and frost-free.

### Disposal of waste

The product should not be emptied into sewers or into nature, but delivered to a waste disposal station.

### Other information

Packaging sizes: 1 litre

### Safety

See separate safety data sheet. Read the information on the packaging.

The information on this data sheet is based on laboratory tests and practical experience. Our products are considered semi-finished products and as the conditions under which the products are used are often beyond our control, we cannot guarantee anything other than the product's quality. The products are delivered in accordance with our general terms and conditions for sales, delivery and service, unless otherwise agreed in writing. We reserve the right to make minor product changes and to change the specified data without prior notice. This data sheet replaces previous editions.
