

Product datasheet

Gjøco White Spirit

Gjøco White Spirit is a cleaning and thinning agent for oil-based paints and varnishes. Gjøco White Spirit can be used as a solvent and thinner for all types of oil-based paints, varnishes and stains. It is also used for cleaning brushes and painting tools, for removing oil spills and ski lubrication, etc.

Revised 12.12.2024

Symbols

Technical data

Type:	White Spirit low aromatic
Specific gravity:	0.78 kg/l
Flash point:	>60 °C

Storage

Screw the top back on when storing to prevent spillage and drying out. The product must be transported and stored upright, dry and frost-free.

The product should not be emptied into sewers or into nature but delivered to a waste disposal station.

Safety

See separate safety data sheet. Read the information on the packaging.

The information on this data sheet is based on laboratory tests and practical experience. Our products are considered semi-finished products and as the conditions under which the products are used are often beyond our control, we cannot guarantee anything other than the product's quality. The products are delivered in accordance with our general terms and conditions for sales, delivery and service, unless otherwise agreed in writing. We reserve the right to make minor product changes and to change the specified data without prior notice. This data sheet replaces previous editions.
