 Alkyl Polyglucoside
 2-Propanol
 Alcohol ethoxylate propoxylate
 Alcohol, C10, ethoxylated
 Alanine,N,N-bis(carboxymethyl)-, sodium salt
 Ethanol
 Parfum
 Acid Blue
 Acid yellow 23

Technical data

Type:	Synthetic detergent
Specific gravity:	Approx. 1.0 kg/l

Usage data

Recommended spreading rate:	1 liter for approx. 15 m ²
-----------------------------	---------------------------------------

Directions for use

Gjøco Interiørvask spray is ready to use and should not be thinned. Spray on and wash with a lint-free cloth or microfiber cloth. Let dry before further treatment. No

need to rinse off. For heavily contaminated surfaces, it can be left to work for a few minutes before wiping. Avoid prolonged contact with untreated wood, aluminum and porous surfaces.

Storage

Screw the top tightly shut when storing to prevent spillage and drying out. The packaging must be kept tightly closed. The product should be transported and stored upright, dry and frost-free.

Disposal of waste

The product must not be emptied into sewers or into nature, but delivered to an environmental station. Empty, clean, and dry plastic packaging can be delivered as plastic waste.

Other information

Packaging sizes: 500 mL

Safety

See separate safety data sheet. Read the information on the packaging.

The information on this data sheet is based on laboratory tests and practical experience. Our products are considered semi-finished products and as the conditions under which the products are used are often beyond our control, we cannot guarantee anything other than the product's quality. The products are delivered in accordance with our general terms and conditions for sales, delivery and service, unless otherwise agreed in writing. We reserve the right to make minor product changes and to change the specified data without prior notice. This data sheet replaces previous editions.
