Usage data

Recommended spreading rate:

1 liter washing solution for approx. 15 m². Use undiluted.

Directions for use

Gjøco Penselrens is ready to use and should not be thinned. Wipe off as much paint as possible from the tool. Pour an appropriate amount of Brush Cleaner into a container and rub the brush in well. Rinse with water. If the brush is hard, leave it in the solution for a longer period of time and rinse with water. Repeat the treatment if necessary. Store the brushes lying down. Dry the brush thoroughly before use.

Storage

Screw the top back on when storing to prevent spillage and drying out. The product must be transported and stored upright, dry and frost-free.

Disposal of waste

The product must not be emptied into sewers or into nature but delivered to an environmental station. Empty, clean, and dry plastic packaging can be delivered as plastic waste.
